Sir:

Upon reviewing the file of the above-identified patent application, it was noted that a Response to Missing Parts, including a signed Oath/Declaration and paper and computer-readable versions of a Sequence Listing, were submitted to the Patent Office on January 9, 2002. On January 15, 2002, Applicant received a Notice of Incomplete Reply ("Notice") relating to an

earlier submission of Applicant dated December 3, 2001. The Notice required the filing of the documents which had been submitted on January 9, 2002. Apparently, the papers mailed by Applicant and the Patent Office crossed in the mail.

Applicant believes that no further submission is due. Consistent with completion of the application, an Updated Filing Receipt was mailed by the Patent Office on April 10, 2002. In an abundance of caution, however, Applicant requests that if any further items or due, that he be notified, via Attorney for Applicant, as soon as possible. If any Petition to Extend Time is required, please consider this paper a request therefor, and if any fee is required, please charge such fee to Deposit Account No. 02-4377. A copy of this paper is enclosed.

Respectfully submitted,

BAKER BOTTS, L.L.P.
